

Coil-Care

Evaporator Coil Cleaner and Disinfectant

COIL-CARE

Coil-Care is a safe and effective evaporator cleaner and disinfectant containing a bactericide and fungicide agent. Coil-Care removes unpleasant odours and its non-rinse formula means that you can "spray and walk away."

- **Highly effective**
- **Contains a bactericide and fungicide**
- **Removes unpleasant odours**
- **Non-rinse formula**

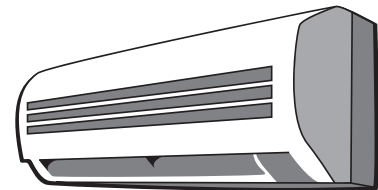

INSTRUCTIONS: Shut the system off. Isolate electricity supply and cover exposed electrical connections. Spray Coil-Care onto the evaporator coil starting at top corner and moving across and down, covering the complete surface of the coil. Leave the surface wet for 5-10 minutes to ensure Coil-Care penetrates through coil. There is no need to rinse the coil when finished.

CAUTION: Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material.

Extremely Flammable

Extremely Flammable
 Keep out of the reach of children.
 Keep away from sources of ignition – No smoking.
 Do not breathe vapour/spray.
 Use only in well-ventilated areas.
 Contains 4-CHLORO-3,5-DIMETHYLPHENOL.
