

Grease-Buster

Condenser Coil Cleaner

GREASE-BUSTER

Grease-Buster is an effective solvent based condenser cleaner that removes dirt and grease from coils without rinsing. It has a blasting nozzle that separates materials from surfaces and reaches in to tight areas. It is non-flammable and non-conductive.

- **Dissolves grease quickly and easily**
- **Rapid drying**
- **Non-flammable, non-conductive**
- **Blasting nozzle for effective dirt removal**

INSTRUCTIONS: Use in a well-ventilated area. Place cloth or cardboard behind and beneath the area to be cleaned to capture the soil that is removed from the coil and equipment. Avoid overspray. Spray coil liberally to saturate it and allow 5-10 minutes for product to remove soil. For heavily soiled coils, repeat until clean. Remove the cloth or cardboard when cleaning is complete. Test Grease-Buster on plastics, painted surfaces or other non-metallic finishes to ensure the product does not cause damage.

CAUTION : Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material.

Contains: DICHLOROMETHANE
 Limited evidence of a carcinogenic effect.
 Keep out of the reach of children.
 Keep away from sources of ignition – No smoking.

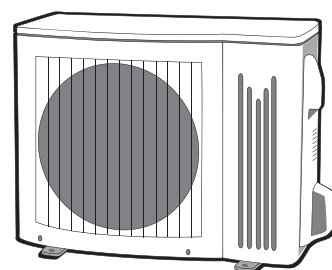

Harmful

Do not breathe vapour/spray.

Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point.

Wear suitable protective clothing and gloves.

Use only in well-ventilated areas.

500ml 800 e3
