

Leak-Seek

Leak Detector Spray

LEAK-SEEK

Leak-Seek is a fast and effective leak detector spray that produces long lasting bubbles and is ideal for identifying low pressure leaks. Suitable for use with refrigeration, air and natural gas systems. Leak-Seek readily clings to surfaces - even upside down - and contains a fluorescent to enhance visibility.

- **Long lasting bubbles ideal for low pressure leaks**
- **Fast and accurate results**
- **Clings to surfaces – even upside down**
- **Suitable for use with refrigeration, air and natural gas systems**
- **Alcohol & solvent free / Easy to clean-up**

INSTRUCTIONS: Shake can thoroughly before use. Hold can upright and spray evenly onto joints and other areas to be checked. Large leaks will cause Leak-Seek to bubble immediately however small leaks may take several seconds to several minutes to show up. Leak-Seek can be cleaned off using a soft damp cloth when searching is complete.

The recommended usage instructions are a guide only and the product should only be used by competent persons with the correct training and using the appropriate personal protective equipment. No liability will be accepted for any loss from using the product.

CAUTION: Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material.
Keep out of the reach of children.
Do not breathe vapour/spray.
Use only in well-ventilated areas.
